Do you want copies of the libel and defamation? I'll gladly send it.

Your wardens and the rehab coordinator did find violations of Texas wildlife laws. They found that she is illegally breeding bats. Lollar even admitted this in writing. Rehabbers are not allowed to breed the animals.

Dear Ms. Cummins: This is to advise you that TPWD will not be responding to any further allegations from you concerning Amanda Lollar's facility. Representatives of the TPWD Law Enforcement Division visited that facility earlier this year and found no violations of the Texas wildlife laws. In light of this information and your baseless claim that someone at TPWD is libeling and defaming you, we consider the matter closed.

My complaint against Amanda Lollar and Bat World Sanctuary is now a formal law enforcement investigation case # TX11418. I will request a copy when the investigation is complete.

There is no injunction against me. I have reposted the photos and videos. I was not found in contempt of court because the injunction was void. My lawyer filed a protective order.

I did an info act request to the City of Mineral Wells. Megan Russell has been forwarding my reports and emails to Amanda Lollar directly. Lollar forwarded them to the City who gave them to me. Please, cease and desist from libeling and defaming me.
